**MISSOURI RIGHT TO LIFE FEDERAL PAC ENDORSES  
THE DONALD TRUMP/MIKE PENCE TICKET**

Missouri Right to Life Federal Political Action Committee endorsement of the Donald Trump/Mike Pence ticket is based on the following:

- No other major party candidate declaring a pro-life position remains in the race for president. Trump has publicly and repeatedly stated his intention to pursue the same public policy goals as most pro-life Americans have espoused.
- Hillary Clinton, the soon-to-be presidential nominee for the Democrat Party, is an extreme pro-abortion opponent.
- Donald Trump has decisively declared his pledge to only nominate U.S. Supreme Court judges that uphold the right-to-life. Trump has voiced his strong support for the federal defunding of Planned Parenthood. Trump supports the passage of the Pain-Capable Unborn Child Protection Act.
- Governor Mike Pence has a strong pro-life record on abortion during his time in Congress. Through his pro-life actions as Indiana governor, Mike Pence has proven himself to be a strong leader for the right to life.

We believe Hillary Clinton, as president, would yield the most disastrous era of danger to life in American history – and perhaps for generations to come. A Hillary Clinton presidency would accelerate the anti-life path of Barack Obama.

We must elect a pro-life president in November. Endorsing the Donald Trump/Mike Pence ticket is the first step in that process. MRL PAC urges pro-life Missourians to join us in electing Donald Trump and Mike Pence.
