PRO-LIFE MISSOURIANS SPEAK OUT FOR LIFE IN THE PRIMARY ELECTIONS

The following statement is from Dave Plemmons, Chairman, Missouri Right to Life Political Action Committees:

Missouri Right to Life Political Action Committees thanks everyone that went out and voted for MRL PAC endorsed candidates! Your pro-life vote was very important in our fight to save babies and defund Planned Parenthood. Pro-lifers will be back in 2023 requesting that our pro-life legislators defund Planned Parenthood.

The Missouri Right to Life PAC's wins were big and clearly show that Missourians want action on pro-life issues from our Republican super-majorities in the Missouri House and Senate. When you look at the races won and the election numbers in other races, there is a clear message being sent from Missourians to legislators to get back to standing for what the Republican platform says. For Missouri Right to Life, that is the protection of babies and women, by ensuring that our tax dollars are not given to the largest abortion provider in the United States.

Congratulations to the pro-life candidates that are now willing to stand with Missouri Right to Life in this battle for the "Right to Life"! We now move on to the General Election on November 8, 2022 to "Keep Missouri Pro-Life" and "Take Back Washington D.C."!
