

Judges For Election or Retainment

Some justices are appointed by the Governor and some run for election. If appointed, the Governor appointing them will be included by their names. For additional information on how justices are selected for appointment, [go here](#). Due to the appointment process, the life position of the Governor is not always accurate in predicting the position of the justices they appoint. However, because they are nominated by the Missouri Bar, justices appointed by pro-abortion Governors are more likely to be pro-abortion than justices appointed by pro-life Governors are likely to be pro-life.

Positions of the Governors:

Ashcroft, pro-life	Blunt, pro-life
Carnahan, pro-abortion was	Nixon, pro-abortion as Attorney General and Governor however a pro-life Senator at one time.
Wilson, pro-abortion	Greitens, pro-life
Holden, pro-abortion	Parson, pro-life

These two Missouri Supreme Court justices will appear on ballots statewide.

Missouri Supreme Court

Ginger K. Gooch	Appointed by Governor Parson	Retain

Both of these justices ruled correctly against Amendment 3 being on the ballot due to violations of the law in collecting signatures.
